Swift FX—comfort all the way round

Comfort makes all the difference to the success of your sleep therapy, and it starts with your mask.

The Swift FX brings new meaning to comfortable therapy with a flexible, super-soft fit.

Its fluid design follows your facial contours and adapts as you move.

From the cushioning nasal pillows to the contouring headgear, Swift FX surrounds you with softness for a peaceful night's sleep.

*"Unobtrusive, light
... I forget it is there!"*

*"The best mask I have ever used
... very soft on my face!"*

There's Nothing
Hard About It

Ultra-soft for that 'barely there' feeling

- **Comfortably soft**—soft and gentle, with the added advantage of soft wraps, Swift FX enhances your comfort for a relaxing sleep experience.
- **You may forget you're wearing it**—everything about the Swift FX adds to your sense of freedom ... from the streamlined design to the light rotating tube at the end of your mask.

Simply wear it to believe it

- **Instantly appealing**—from the moment you put it on you will know that the Swift FX is really simple, making your therapy easier for you.
- **Easy to fit and use**—intuitive fitting minimises the need for adjustment. Swift FX has very few parts so looking after it is easy.

Stays in place when you move

- **More sleeping positions**—flexible tubing, the soft headgear and nasal pillows allow a range of natural sleeping positions.
- **Confidence in therapy**—Swift FX is designed to stay in place securely, maintaining seal even when you move.
